

HARDINESS ZONE	TOMATO	CATEGORY	VARIETY	PRODUCTION	GROWTH HABIT	SUGGESTED GROWING METHOD	COLOUR	CHARACTERISTICS
ZONE 2 (short season)	Goldkrone	Cocktail or dwarf cherry	Heirloom	Ultra-early	Indeterminate	Large container or open ground	Red	Vigorous and early-maturing, produces abundantly
	Manitoba	Round	Organic	Ultra-early	Determinate	Large container or open ground	Red	Developed in Canada for hardiness zones 3 and below, very robust
	Siberian	Round	Heirloom	Ultra-early	Determinate	Large container or open ground	Red	Vigorous, produces 40 to 60 fruits per season
ZONE 3 (short season)	Maskotka	Cocktail or dwarf cherry	Organic	Ultra-early	Determinate	Container or open ground	Red	Easy to grow, ultra-reliable, ultra-productive and sweet
	Tiny Tim	Trailing cherry	Heirloom	Early	Determinate	Container, hanging basket, indoors	Red	Very compact, requires no staking, short production period
	Tumbling Tom	Trailing cherry	Hybrid (F1)	Ultra-early	Determinate	Container or hanging basket	Yellow	Very compact, very productive, sweet flavour, resistant to disease and cracking
	Glacier	Salad	Heirloom	Ultra-early	Determinate	Open ground	Red	Developed for northern regions
	Stupice	Round	Heirloom	Early	Semi-determinate	Large container or open ground	Red	Outstanding taste for an early variety
	Sub-Arctic Plenty	Round	Heirloom	Ultra-early	Determinate	Container or open ground	Red	Designed for cold climates
	Moskvich	Round	Heirloom	Early	Indeterminate	Open ground	Red	Robust, cold-tolerant, produces early in the season
	Early Girl F1	Round	Hybrid (F1)	Early	Indeterminate	Open ground	Red	Reliable yield, produces abundantly and for a long time, resistant to disease
	Pink Siberian Tiger	Beefsteak	Modern	Mid-season	Indeterminate	Open ground	Dark pink with indigo blue shoulders	Very productive, full sun allows for the development of its blue shoulders
	Roma VF	Italian (sauce)	Heirloom	Mid-season	Determinate	Open ground	Red	Produces early in the season, resistant to fungal diseases
ZONE 5	Pink Bumble Bee	Candy-like	Modern	Mid-season	Indeterminate	Container or open ground	Pinkish with gold stripes	Beautiful clusters, fruity and sweet, resistant to cracking
	Sun Gold	Cherry	Hybrid (F1)	Early	Indeterminate	Large container or open ground	Golden, orangey when ripe	Very fruity, one of the best cherry tomatoes, continuous production
	Sakura F1	Cherry	Hybrid (F1)	Early	Indeterminate	Container or open ground	Red	Very resistant to disease, minimal cracking
	Black Cherry	Cherry	Heirloom	Early	Indeterminate	Open ground	Dark purple to brown	Rich flavour, tolerates temperature variations
	Stupice	Round	Heirloom	Early	Semi-determinate	Open ground	Red	Balanced flavour, exceptional yield, ideal for northern climates
	Matina	Round	Heirloom	Early	Indeterminate	Open ground	Red	Reliable, flavourful, good resistance to disease
	Celebrity F1	Round	Hybrid (F1)	Early	Semi-determinate	Open ground	Red	Vigorous, productive, good resistance to disease
	Cherokee Purple	Beefsteak	Heirloom	Mid-season	Indeterminate	Open ground	Purple to violet	Sweet and slightly smoky flavour, low yield but exceptional fruits
	San Marzano 2	Italian (sauce)	Heirloom	Mid-season	Indeterminate	Open ground	Red	Moderate heat needed for abundant production

HARDINESS ZONE	TOMATO	CATEGORY	VARIETY	PRODUCTION	GROWTH HABIT	SUGGESTED GROWING METHOD	COLOUR	CHARACTERISTICS
<b>ZONE 7</b> (moderate hot summer)	Sakura F1	Cherry	Hybrid (F1)	Early	Indeterminate	Container or open ground	Red	Highly disease-resistant, performs very well in the heat
	Sunpeach	Cherry	Hybrid (F1)	Mid-season	Indeterminate	Container or open ground	Pink-red	Beautiful colour, very productive, resistant to disease and cracking
	Sun Gold	Cherry	Hybrid (F1)	Early	Indeterminate	Container or open ground	Golden, orangey when ripe	Very fruity, protect from heavy rain to prevent cracking
	Mountain Magic F1	Cocktail	Hybrid (F1)	Early	Indeterminate	Container or open ground	Red	Disease-resistant, reliable and consistent yield
	Green Zebra	Salad	Heirloom	Mid-season	Indeterminate	Open ground	Green with gold stripes	Tolerates heat well
	42 Days	Round	Heirloom	Early	Determinate	Open ground	Red	Allows for a quick and easy first harvest
	Celebrity F1	Round	Hybrid (F1)	Early	Semi-determinate	Open ground	Red	Vigorous, productive, good resistance to disease
	Black Krim	Beefsteak	Heirloom	Mid-season	Indeterminate	Open ground	Red-brown	Exceptional flavour without acidity, abundant production, susceptible to mildew
	Cherokee Purple	Beefsteak	Heirloom	Mid-season	Indeterminate	Open ground	Purple to violet	Excellent flavour enhanced by the heat
<b>ZONE 9</b> (spring-fall cultivation)	Sakura F1	Cherry	Hybrid (F1)	Early	Indeterminate	Container or open ground	Red	Performs very well in the heat, rarely cracks
	Sunpeach	Cherry	Hybrid (F1)	Mid-season	Indeterminate	Container or open ground	Pink-red	Very reliable in high temperatures
	Black Cherry	Cherry	Heirloom	Early	Indeterminate	Open ground	Dark purple to brown	Flavourful, excellent for spring and fall cultivation
	Juliet F1	Cocktail	Hybrid (F1)	Mid-season	Indeterminate	Container or open ground	Red	Elongated fruits, tolerates heat well, resistant to cracking
	Mountain Magic F1	Cocktail	Hybrid (F1)	Early	Indeterminate	Container or open ground	Red	Reliable and resistant to mildew and moisture
	Celebrity F1	Round	Hybrid (F1)	Early	Semi-determinate	Open ground	Red	Vigorous, productive, good resistance to disease
	Iron Lady F1	Round	Hybrid	Mid-season	Determinate	Open ground	Red	Vigorous, high resistance to disease
	Cherokee Purple	Beefsteak	Heirloom	Mid-season	Indeterminate	Open ground	Purple to violet	Best grown in fall
	Roma VF	Italian (sauce)	Heirloom	Mid-season	Determinate	Open ground	Red	Resistant to spring heat
	Granadero F1	Italian (sauce)	Hybrid (F1)	Mid-season	Indeterminate	Open ground	Red	Resistant to spring heat
